Flat Building To Cost \$12,000

Plans for the beautiful four-flat building that R. W. Mangum is preparing to erect at the corner of Llewellyn and Fourteenth streets have just been received and show one of the most unique as well as beautiful buildings of its size in the South.

The lots on which the structure will be erected forms a sharp-pointed gore, the advantages of which from an architectural point of view, have been seized by the architects and will be used with advantage in showing the beauties of the two story structure.

The front of the building, artistically adorned with stucco and ornamented with French windows and a wide porch extending the entire width of the building, are further embellished with handsome iron grills both on the porch ends and on the upper windows.

Entering a spacious lobby, doors lead to both the right and left flats on the ground floors while a broad stairway leads to the upper apartments.

Each of the flats include a large living room eleven by sixteen feet, a dining room kitchen, bath and bedroom, while a Murphy disappearing bed with French doors, is hidden away in the living room for the use of guests.

In the rear of the flats and across a ten-foot gravel driveway are four garages, back to back, with winding driveways leading to each set of two.

The owner of the flats and his mother will occupy the upper flat, to which has been added a sleeping porch that extends over the rear driveway and rests on the garages. One of the other flats will be rented furnished while the remaining two will be rented unfurnished.

Work on the structure which will cost approximately \$12,000, will be pushed to early completion, the foundation being installed this week.

Mr. and Mrs. Frank Austin of Arlington avenue, have sold their home to Mr. and Mrs. Kelley, of Los Angeles. They are Pacific electric people.

SCOUT TROOP NO. 1

Scout L. Briney represented Troop No. 1 at the San Pedro rally, last Friday night.

Troop candidates for bugler are wondering who will be awarded the bugler's badge, and use the new bugle just purchased.

Scout Watson, in a burst of enthusiasm, said he would be a first-class Scout before any member of Troop No. 2. We just wonder if it will come true.

Troop No. 1 is preparing to cop all the prizes at the coming rally, December 14. We have the boys, and there is no doubt we will win.

SCOUT TROOP NO. 2

Scouts Robert Horner and McLean won the "Special Service" stripe by placing the Community Flag upon the Torrance flagstaff for one week.

Scouts "Jack" Reeve and Torrance Swindell are trying for the honors this week.

Scout Torrance Swindell had use for his "First Aid" while on a Garvanza street car in Los Angeles. The street car hit a gentleman and broke his arm and leg. Scout Swindell gave first aid on the broken arm and gave relief for the broken leg when the ambulance came.

First aid is handy, boys. Find use for it and be valuable to your town.

Scouts Robert Horner and Paul Denny represented Troop No. 2 at the San Pedro rally Friday night. They sure had a good time. Scout Horner said, "Gee! Mr. Reeve, there's a cake down stairs a foot wide and three feet long." Lots of cake and lemonade were served.

Scout Robert Horner repeated the Scout Oath and Law for the Business Men's theatre party Tuesday night.

Remember the Scout Rally, December 14.

Modern Woodmen Drawing Jan. 24

The \$1000 grand prize of the Modern Woodmen of America will be given away on the evening of January 24, 1923. In order to stimulate interest in the contest it has been arranged to put on two shows in the Torrance theatre on the evenings of January 9-10, when an exceptionally fine program will be selected for those two nights. Save these dates, is the advice of the Woodmen, as there will be something doing every minute those evenings. Watch the Herald for further particulars.

KEYSTONE TO HAVE HALL BUILT SOON

At a recent meeting of the Keystone chamber of commerce a com-

mittee headed by P. C. Morse was appointed whose duty it will be to receive bids on lots on the boulevard, where a community hall will be erected later. The details of the building, its owners and management will be decided later, except that its use will be for "all of Keystone." Public gatherings of general interest may feel welcome to meet in the new hall, and shows

a disposition of the people of Keystone to pull together, the greatest asset known for the development and growth of a town. Later reports will be published in the Herald as progress is made in the new venture.

Mr. and Mrs. C. C. Bacon and family have recently returned from a trip to Cochilla valley, where they visited Mr. Bacon's parents.
